

# Let's Talk! Assistant: FAQs Answered 24/7

**To start an instant conversation with the Let's Talk! Assistant, follow these simple steps:**

1. Navigate to the Let's Talk! tab on our district webpage.
2. Select "Ask a Question."
3. Begin your conversation with our virtual assistant!

We're excited to introduce Let's Talk! Assistant, an AI-powered chatbot built specifically for school districts like ours. It's available 24/7 from any smartphone, tablet, or computer, in English or Spanish.

The chatbot can answer commonly asked questions and provide information about district updates. To ensure the best response from the chatbot, be sure to use the most accurate keywords in your question like "school calendar" or "enrollment question." If you don't get the answer you expect, the option to submit a Let's Talk! dialogue for further conversation is still available.

The next time you have a question, try asking Let's Talk! Assistant!

**Get the answers you need — any time, anywhere.**
